About

The Burchfield Penney Art Center is the heart of culture for our region, celebrating our diverse art and artists and preserving their vital legacy through a growing permanent collection and professionally managed archives.

The Center is also home to the world's largest collection of Charles E. Burchfield's work, including paintings, sketches, journals, and even a re-creation of the artist's studio. This American Master's vision, his constant exploration and reinvention, inspires everything we do at the Center. But his work is only part of what's experienced here.

We are a vibrant arts center, curating and contextualizing a dynamic range of engaging exhibitions, events and programs, educational impacts, and inspiring connections that honestly reflect our individual humanity while revealing and strengthening the common bonds that vitalize our community.

Mission

The Burchfield Penney Art Center is a museum dedicated to the art and vision of Charles E. Burchfield and the art and artists of our region. Through our affiliation with SUNY Buffalo State, we encourage learning and celebrate our richly creative, diverse community.

Vision

As keepers of the past and explorers of "the next," the Burchfield Penney Art Center will be a catalyst for cultural vitality and creativity in Western New York.
